# Need More Than 8 Wells?

Test the ibidi 18 Well Slides

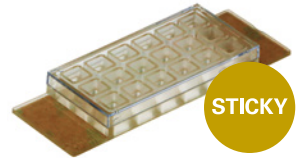

## $\mu$ -Slide 18 Well

A chambered coverslip with 18 wells and a #1.5 polymer coverslip bottom for cell culture, immunofluorescence, and high-end microscopy

## $\mu$ -Slide 18 Well Glass Bottom

A chambered glass coverslip with 18 wells and a #1.5H glass bottom for cell culture, suitable for use in TIRF microscopy and single molecule applications

## sticky-Slide 18 Well

An 18 well bottomless  $\mu$ -Slide with a self-adhesive underside, which allows chosen substrates to be mounted; for cell culture applications on any custom surface
